All hands on deck.

Volume 1, Issue 10

November 2002

Decking Season.

Coming up to Christmas always seems to get people into deck building mode. We can supply a number of quality products including Karri, Mixed North Coast Hardwoods, Ironbark, Spotted Gum and Cypress Pine. Sizes are generally 88 x 19 and 64 x 19 but will vary slightly between some species. We are also about to stock some treated pine for the understructure and of course can source green hardwood if required. If you have a deck to build drop in and discuss some options with us.

New Stock.

We have had a big month for new stock. Please consider the following.

Jarrah 75 x 75
Jarrah 200 x 25
Celery Top Pine
75 x 75
Blackwood 200 x 25
Blackwood 150 x 25
Blackwood 150 x 38
Vic Ash 200 x 25
Vic Ash 150 x 38

Vic Ash 150 x 50

American Cherry 25mm

Blackbutt 300 x 38

Blackbutt 200 x 25

Red Gum Slabs 50mm

Danta 25mm and 38mm

Spotted Gum 200 x 25

Spotted Gum 300 x 38

Organoil, whatever you need.

Sorry for shouting in big letters there but we have had so much come in this month I just had to yell it out!! This list doesn't cover it all either. I never mentioned all the flooring and decking that has passed through the yard this month. You floor guys know we stock plywood to lay on too don't you? Our new stocks of Spotted Gum were very nice. Quite a bit has found its way to Beach House Stairs and they tell me it has worked very well. Same story with the Blackbutt.

Ever use Radiata Pine? The knotty stuff is generally considered pretty ordinary for cabinetwork but the clear grade is another matter. We have 150 x 25 in stock at 4.5m long with no knots. If you have to use Radiata for a job then this is the one to go for. It machines very well with no risk of knots blowing out. Come in and check it out.

Workshop.

After some time spent looking we are about to start a new guy in the workshop. Hopefully this will mean improved service and workshop output. Don't forget that apart from basic dressing we can supply all sorts of laminated timber products and other tricky timber stuff. Ring me if you have something specific you need looking at.

Wrap Up.

Finally, on a personal note, thanks to all those who expressed support during my dad's illness and passing. The past couple of months has been very difficult and has kept me off air a bit. If you had trouble catching me then I'm sorry but I know Ray and Steve did a pretty good job keeping on top of things. I'm back on track now so I should be a little easier to pin down. See you soon.
Shaun
