

Flooring deals.

Flooring sales have been very strong for us over the past month. Our 12mm flooring options have proven to be a real winner with more and more people realizing the benefits. These include ecological advantages, improved installation times and less stress on the wallet. Of course, there are still the traditional 19mm floors and these offer a range of widths and grades to choose from in most species. We have been looking through our stock lists and here are a few items that may be of interest.

Brush Box Select Grade \$99/m2

Buy more than 100m2 and pay \$93/m2

Cypress 85 x 19 105.8Lm @ \$3.10/Lm full pack only

Blue Gum Timberlay 145.8Lm @ \$4.50/Lm Full pack only

Mixed Reds 80 x 19 select two packs @ \$62/m2 Full packs only

Mixed Whites 80 x 19 select one pack @ \$68.75/m2

Blackbutt 80 x 19 select. Several packs \$79.90/m2 or \$76.50/m2 for 100m2 or more.

Blackbutt standard grade 80 x 19. Two small packs, 52.9Lm and 97.5Lm @ \$4.40/Lm

Tallowwood 80 x 19 select. 503Lm @ \$5.95/Lm Full pack only

Yellow Stringy Flooring. Several small bundles at full pack rates.

Kauri Pine flooring 100 x 21 85Lm available.

Vic Ash 85 x 12 standard grade. 247Lm

Tas Oak 85 x 13 select grade, several packs at \$40/m2

Ribbon Gum standard 80 x 19 77Lm@\$3.65/Lm

We have several other small bundles including Karri, Jarrah, Red Gum and Stringy Bark which need to go. The deal is, any small bundle, sold as a job lot, goes

out at the large volume full pack rate. Furthermore, the rates quoted are based on the pre July price increases so there are further savings. Why are we doing this? Need the space!!

New timber CD.

Many of our builders and architects regularly ask us about information on flooring and other timbers. We get asked about properties of various timbers, installation techniques, timber coatings etc. Instead of loading you up with a raft of brochures we can now give you all this info on a CD. Simply put it in your computer and flick through the Powerpoint presentation to find the info you need. So, if you think this new resource could help you then let us know and we'll fix you up with a copy.

And a DVD!

Australian Solar Timbers (AST) have just finished the Timberlay Flooring Installation DVD. What a mouthful!! This DVD runs through the full installation procedure for Timberlay and shows the flooring as it goes down and gives you hints to ensure you get a good result. Anyone considering laying Timberlay or specifying it should see this presentation. If you would like a copy, or any other info on flooring of any kind, feel free to call me. I am happy to come and see you and run through options, specifications and procedures.

New stock.

I haven't left a lot of room for a stock list this month but look out for the new Walnut, Sapelle Mahogany, Danta, Myrtle, Blackwood and Spotted Gum. We are well stocked with flooring adhesive and have a fresh load of Organoil due any day. Most other products are in good supply

As always, if you need anything let us know.

Cheers

Shaun
