

# Monaro Timber News

The monthly newsletter for people who love timber

May 2009  
Volume 8, Issue 5

## Mobile Showroom a Winner.

Last month we launched our mobile showroom service. As people are realizing what we are offering more are taking advantage of this new service. Basically, if you need to see a timber floor in the context of your own home before you purchase then you need a home visit from us. If you are a designer and you need to see samples whilst meeting with your clients then we can help here too. To discuss a home visit please call our office anytime.

## Flooring and Decking Specials.

This month we bring to you a range of flooring and decking timbers at reduced prices. Several mills have an excess of stock and have offered us some good deals. Normally our prices will vary depending on quantity ordered but with these offers so long as you purchase 40m<sup>2</sup> or more you will get these great rates. If you need less than 40m<sup>2</sup> we will still be able to offer very keen prices.

### Decking.

Spotted Gum 86 x 19	\$5.60/Lm
Forest Reds 86 x 19	\$5.60/Lm
Blackbutt 88 x 19	\$4.70/Lm
Aussie Reds 88 x 19	\$5.10/Lm
Merbau 90 x 19	\$4.75/Lm
Northern Box 90 x 19	\$5.80/Lm
Northern Box 140 x 25	\$11.25/Lm
Balau 90 x 19	\$4.85/Lm

### Flooring.

Sydney Blue Gum Select	\$5.80/Lm
Brush Box 80 x 19 Select	\$7.70/Lm
Rose Gum 80 x 19 Select	\$5.20/Lm
Iron Bark 80 x 10 Standard	\$5.40/Lm

Don't forget that with your decking we can supply some excellent kiln dried large end sections for bearers, joists, hand rails, posts and step treads. Many of these are available in the same species. If not we usually have a timber that will match fairly closely or why not use say Blackbutt steps and handrails with a Spotted Gum decking board. There are many possibilities so drop in for a look.

## Woodwork Club Discounts.

Had another look around the racks this month and came up with the following timbers for a 25% discount.

Pacific Maple. We have some excellent 100mm thick material up to 300mm wide.

Silky Oak. Check out the 50mm stock.

Sapelle Mahogany. The 25mm boards are superb. They are up to 290mm wide.

QLD Walnut. This timber is becoming a rarity but we have a bit of random stock looking for a home.

Hoop Pine. We have some great 75 x 75 and a selection of 38mm boards. There is also some 100 x 25mm too.

## New Stock.

We have just taken delivery of some excellent 25mm Southern Myrtle. The boards are random in width and up to 3.0m long. We also have good stocks of 150 x 38.

Jarrah stocks are pretty good. A fresh pack of 150 x 50 is going into the racks as I write this.

A few weeks back we took delivery of a full truck load of Tas Oak. This included a selection of rough sawn and dressed boards up to 300mm wide. We also got a few packs of flooring with it. On top of that we just placed an order for some more today because we were short on some sizes!! Tas Oak is one of the species we are very strong on and it is an excellent all round timber that can be clear finished or stained to pretty much anything you want. Recently we have been working with Greg from Patinations here in Fyshwick on a range of special chemical treatments on the Tas Oak. Greg is a conservation specialist and really knows his stuff when it comes to timber treatments. It's all been very interesting what you can do with acids, bleach etc on timber.

That's it for another month..

Cheers

*Shaun*
