

# Monaro Timber & Joinery

Monaro Timber & Joinery requires an Apprentice Cabinet Maker / Wood Machinist in our Queanbeyan based store. The successful candidate must have a willingness to learn and be capable of performing a wide range of basic physical tasks. A great work ethic is the key to a successful career and succeeding in this position.

## About Us:

We sell flooring, decking and other off-the-shelf timber products as well as the custom timber components (bench tops, doors and treads etc) which are fabricated onsite for our trade and retail customers. We are looking for a driven and motivated Sales Representative to help our customers select the right products for them in our Queanbeyan-based showroom and workshop.

## Job Description:

You will be responsible for completing a range of cabinet making tasks starting with the basics and advancing through to the most complex tasks throughout your apprenticeship. You will be responsible for completing all apprenticeship training to a satisfactory standard.

## The Applicant:

Working as part of an established and supportive team that is ultimately pushing for the success of the business. To be considered for this role you will have:

- Interest in working with and creating timber products
- Ability to follow instructions & safety procedures
- Capable of working autonomously and an eagerness to learn and succeed
- Highly developed communication skills, both written and verbal

## What's on Offer?

The successful candidate will be rewarded with a generous base wage plus superannuation in a supportive environment. In addition, you will receive ongoing training to ensure your success within the business with ample room to grow and progress within the company and the industry. Monaro Timber & Joinery is an organisation that encourages and facilitates equal opportunity.
